Say Jack That's a mighty big sword you got their...

u can resize, replace images, do whatever u wanna do mama its all yours !!!!!

Most gracious credit to Deekman on Spriters-Resource.com for ripping the sprites from samurai jack amulet of time !!

https://www.spriters-resource.com/game_boy_advance/samuraijacktheamuletoftime/asset/11694/

All other images are simply an assortment of screencaps from the show, no credit necessary like i genuinely did not do anything but put them all in a line. If u wanna take this template n put some new things else entirely go ahead literally this is all yours

idk what ur printer situation is but like me personally i have an epson and print on matte photocard paper, like i think its pen&paper brand the walmart generics i am not a classy people. highest quality setting.

and most importantly have fun & be urself
